Dear Scott,

Thank you so much for your support for the ministry of CareNet Pregnancy Services of DuPage. Because you care for women and babies, many lives have been changed and saved.

CareNet is most grateful to you. As one of our partners, we know that CareNet could not be successful in saving lives in DuPage County without the support of our community. Last year CareNet saw over 1000 client visits, an increase of 30%. This year, we are continuing to grow and have seen the largest number of pregnancy tests administered since CareNet began almost 30 years ago. Thanks for being a voice for life in our community.

God bless you!

Sincerely,

Diane E. Schroeder  
Director of Communications  
CareNet Pregnancy Services of DuPage.
